

AQUILA subscription by post

If you prefer to place an order by post you can print out this page, fill in the coupon below and send it to us with a cheque. Alternatively you can call AQUILA on 01323 431313 to order and make a card payment. Please have the child's delivery information ready to hand when you call us. All new orders include a welcome pack – AQUILA's map and passport to the world.

AQUILA has some great topics lined-up for 2018!

Money Maths: Find out about the history of money, and the true story of the tulip bubble of 17th-century Holland. Read about digital security and how to become a millionaire!

Grow Your Own: Read about the fascinating science of plants and have a go at growing some food in the back garden! Find out how scientists are looking out for the insect pollinators that are so important to the world's food production.

Pop Art: It's time to get your paints out and experiment, as **AQUILA** investigates Pop Art. Where did the ideas come from and what does it all mean? Read about artists like Andy Warhol who changed the way we look at art today.

Zoologist Safari: Join zoologists as they travel the world, feeding our fascination for wild and curious creatures. Read about the first zoos and ponder the question of how we can share the planet with endangered species.

The Science of Games: Everyone loves games! But games are much more than just fun. We look at playing physical games, at puzzles and the amazing creative and technological developments that are taking us towards a virtual future.

The Story of Humankind: July and August is a double-issue extravaganza – and it's all about you! AQUILA peers down the human family tree to find out about our ancient ancestors. Read about fascinating discoveries of early human-like creatures and look close-up at the incredible mechanics of the human body and brain; at how our human capabilities have developed and led us to dominate today's world.

The Vikings: Forget the inaccurate idea of horned helmets and hairy blond savages, these cultured and sophisticated people travelled and traded into Russia, Asia and even Africa, spreading wonderful art and culture wherever they went.

The Volcanic World: Discover the amazing science of the planet's shifting tectonic plates in this issue. What is lava?... and what actually makes a Volcano 'super'? You will find all the answers in this explosive edition!

Charles Dickens: Read about the life and times of this prolific Victorian writer who has given us such marvellous characters as well as what is probably the most famous ghost story about Christmas ever written!
